To Our Valued Clients:

Kravitz is pleased to announce the launch of our new plan sponsor and participant portals, designed to make life easier, ensuring you have direct access to the information you need, whenever you need it.

Plans sponsors will benefit from a more streamlined, user-friendly document exchange portal for secure delivery of plan information. We simplified the uploading process and enhanced your page layout to include categories for organizing documents in an easy to identify format. We have eliminated the need to drill down through multiple menu options.

Plan participants will benefit from a single consolidated information page on our new Cash Balance Daily Access online portal. They can instantly view their Cash Balance account balance, take advantage of helpful informational links and access useful retirement planning tools. Participant account balances will continue to be updated daily using the plan's Interest Crediting Rate (ICR), with the exception of actual rate of return plans.

The new portals were designed with our own custom software solution, allowing us to deliver a more user-friendly interface and to enhance our online services in response to client feedback. We welcome input from you and your plan participants on future enhancements of these portals.

During the week of **February 1**, plan sponsors will receive an email with information to set up access to the new portal. *To learn more about this new website, [click here](#).*

On **February 15**, our new Cash Balance Daily Access portal will be launched. At that time, your plan's participants will need to set up an account login and password. We have provided a sample participant announcement explaining how to access the new website. *To download the participant announcement, [click here](#).*

We are excited to offer you these new, streamlined portal solutions. Please contact your Kravitz consultant with any questions.
